+ RR18-HINO195-000

**WARNING:** Seat or adaptor is not designed for an Isuzu or Hino vehicle. It is not designed together with the vehicle manufacturer. Install at your own risk. It is the responsibility of the installer to determine suitability for use of this product in each application. Seat can sit too high for occupant, which can result in serious head or other injury or death!

## Part Numbers

<i>DESCRIPTION</i>	<i>PART NUMBER</i>
Extreme Low Rider HB Vinyl Gray	800162-000
Extreme Low Rider HB Cordura Black	800162-001
Hino 195 adaptor	RR18-HIN0195-000
Isuzu	RR05-IS00-000
Isuzu (N-Series 2008 +)	RR05-IS00-001

**NOTE:** It is the responsibility of the installer to determine the suitability for use of this product in each application. The drawings are for reference purpose only

**WARNING:** Serious injury may occur if head clearance is not adequate.

After installing seat and before riding or driving the vehicle, ensure there is adequate head clearance at maximum upward travel of seat.

In order to reach the highest position of the seat, while sitting in seat, slowly raise the seat to its maximum height by actuating the suspension air control valve.
